FM04 / FM05 Scalloped Decorative Fascia

Introducing Scalloped Decorative Fascia from Freefoam

For use on gable end or as normal fascia boards along roofline

Available in Convex and Concave profiles in lengths of 5 metres

Use Plastops range of fixings to secure scalloped board to roofline

Introducing Freefoam's FM04 and FM05 scalloped decorative fascias which can be installed either on the gable end or as a regular fascia. The profiles come in Convex (FM04) and Concave (FM05) styles which give the roofline an aesthetically pleasing finish

The boards come in standard 5m lengths and are fixed to the roofline using the Plastops fixing system. Available in white and black, the profiles are manufactured

using an advanced lead-free stabiliser formulation for increased colourfastness. They are covered by Freefoam's 30 year extended guarantee scheme when the

installation is registered online at www.myfreefoam.com (see website for more details). Note: coloured boards qualify for a 10 year guarantee.
